Descripción

'A Spanish Learning Grammar' is an innovative and lively book for early, intermediate and advanced students. Straightforward explanations and everyday language examples are supported by original line drawings and plentiful exercises, making this the ideal combined grammar reference and workbook. A carefully devised two-part structure mirrors the learning process. Part One establishes the concept and key features of each grammar point for beginners, while Part Two is aimed at more advanced learners covering more complex structures. Written in the belief that grammar is the key to real communication, this is the essential textbook for any student of Spanish.

extent does the first language's (L1) already set parameterization transfer and potentially interfere with the learning processes of a post-critical- period second language (L2). The L2 data are examined in light of the roles Case and Agreement play in Spanish as well as in English functional grammars—paying particular

to benefit learning. To learn more about the students' views on grammar in language learning, our group of teachers developed a questionnaire. As the title of this .. folk linguistic (i.e. a non-linguist) perspective, grammar or grammars usually . understood as imagined singularities such as “Spanish”, “Russian”, “Norwegian.
