Stockholm – the shopping capital! Today Stockholm is a well-known designer capital and many Swedish designers such as Acne, Swedish Hasbeens and Dagmar have received international attention. But there's still plenty more to discover! Quite often the most interesting stores and designers are not located on the high streets, but off the beaten track. They might be difficult to find if you don't know Stockholm. The Ultimate Shopping Map will help you find your way around Stockholm with the ease of a native Stockholmer, and help you find new favourite places to shop, eat and drink. Stockholm is also home to many high-end international brands, which are included to make this the most comprehensive and up-to-date shopping guide available. It comprises more than 300 stores covering fashion, interior design, home accessories, crafts and even food and cooking-related stores. While shopping, you're going to need coffee and food, and maybe an occasional glass of wine or champagne. On that note, the guide covers more than 400 bars, cafés, and restaurants.
